Aaaand we might have to go to war on 1/6/21 in order to ensure his rightful second term. Ironic, eh?

I wouldn't worry that this reflects lack of attendance. They could be playing overbooking games to pull the rug out from under patriots at the last minute. I think 2 million minimum are coming. More will be sleeping in vehicles or encampments than what DC can lodge in hotels.

Already one hotel cancelled reservations.

How about having this Historic event in the middle... of the USA so **many more millions of us** can also participate from the West of our beloved country.

The 100k citizens will battering ram down the doors and arrest those legislators who certified Biden slate

Yeah, like that's totally gonna happen, sure.

Police will stand down.

Sure they will! Because magic, or reasons, or something!

Nice fantasy, but nothing even remotely like this will occur.

Apples and oranges. Trump winning the nomination and presidency in 2016 was FAR FAR FAR more likely than what you describe for 1/6.

It's like saying "oh, I'm not going to win the Powerball lottery jackpot, huh? Well, I was never supposed to win my state's "Pick Three" game but I DID win that one time, SO THERE!"

In other words, 1 in 292,201,338 can not be credibly compared to 1 in 1,000 as part of a logical argument.
